

WOMI 2017
University of Iceland
Faculty of industrial engineering, mechanical engineering and
computer science
13th – 15th December

Day 1 - December 14th – Thursday

09:20

Welcome remarks: Rögnvaldur Sæmundsson

Session 1: Public policy I

Chair: Maureen McKelvey

09:30-10:10

Paper: Evaluation of Policy mixes in practice: What prescriptions for tackling the problem of antimicrobial resistance?

Authors: Josie Coburn, Frédérique Bone, and Michael Hopkins.

Discussant: Magnus Gulbrandsen

10:10-10:50

Paper: Investigating processes and contexts for research utilisation in health care and public policy organisations.

Authors: Taran Thune, Maria Karaulova, and Magnus Gulbrandsen.

Discussant: Michael Hopkins

10:50 Tea and Coffee

Session 2: Public policy II

Chair: Alfredo Yegros-Yegros

11:20-12:00

Paper: Effects of demand heterogeneity and problem decomposability on the organization of health service innovation.

Authors: Sampsa Ruutu, Paul Windrum, Kirsi Hyytinen, Marja Toivonen, Hannamaija Tuovila.

Discussant: Bastian Rake.

12:00-12:40

Paper: What type of diagnostics to patients want in the battle against antimicrobial resistance?

Authors: Grace Hampson, David Mott, Martin Llewelyn, Jorge Mestre Ferrandiz, and Michael Hopkins.

Discussant: Oscar Llopis.

12:40 Lunch

Session 3: Evolution of knowledge

Chair: Frédérique Bone

13:40-14:20

Paper: The importance of incremental innovation. The case of Sub Cutaneous Herceptin® - Trastuzumab.

Authors: Dimitri Gagliardi, Ronnie Ramlogan, Pierluigi Navarra and Cinzia Dello Russo.

Discussant: Finn Valentin.

14:20-15:00

Paper: Learning to identify safety risks of medical technologies.

Author: Jarno Hoekman.

Discussant: Jens Laage-Hellman

15:00-15:40

Paper: In governance we trust. Governance processes as selection mechanisms in medical research and innovation.

Authors: Maureen McKelvey, Rögnvaldur Sæmundsson, and Olof Zaring.

Discussant: Ellen Moors

15:40 Tea and Coffee

Session 4: Education and future of WOMI

Chair: Rögnvaldur Sæmundsson

16:10-16:50

Paper: Innovation and entrepreneurship in healthcare - Education.

Facilitator: Finn Valentin

16:50-17:30 WOMI - next steps.

Facilitators: Maureen McKelvey and Taran Thune

Day 2 - December 15th - Friday

Session 5: Pharmaceuticals

Chair: Rögnvaldur Sæmundsson

09:30-10:10

Paper: R&D dynamics in the pharmaceutical industry: an analysis of two decades of scientific outputs.

Authors: Alfredo Yegros-Yegros , Robert J.W. Tijssen, Jos J. Winnink, and Ismael Rafols.

Discussant: Andrea Mina

10:10-10:50

Paper: From mass to modular innovation. Towards distributed drug development models.

Authors: Ellen Moors, Jarno Hoekman, Shona Kalkman, Marlous Arentshorst, Wouter Boon, Ghislaine van Thiel.

Discussant: Ronnie Ramlogan

10:50 Tea and Coffee

Session 6: Networks

Chair: Taran Thune

11:20-12:00

Paper: Exploring Investigator Networks in Clinical Trials.

Authors: Bastian Rake, Pablo D'Este, and Maureen McKelvey.

Discussant: Jarno Hoekman

12:00-12:40

Paper: Connections matter: the influence of network sparseness, network diversity and tertius iungens orientation on innovation.

Authors: Oscar Llopis, Pablo D'Este, Adrián A. Díaz-Faes.

Discussant: Dimitri Gagliardi

12:40-13:20

Paper: Modes of Interaction between University Spin-Offs and Academia following Commercialization.

Authors: Jens Laage-Hellman, Frida Lind, Christina Öberg, and Tommy Shih.

Discussant: Paul Windrum

13:20

Closing remarks: Rögnvaldur Sæmundsson
