

QRM 2021 Annual Conference June 14-15

The School of Quantitative Research Methods in Education (QRM) is delighted to invite educational researchers, PhD students and senior researchers with an interest in quantitative research methods to our second annual conference.

The conference aim:

Methodological training and Network building

Day 1 Invited lecture and Poster presentations

Session 1: Lecture by Professor Anna Dreber Almenberg

Which scientific results can we trust? Evidence from replications and prediction markets

Session 2: Poster presentations

Day 2 Workshops

Workshop 1: Swedish School Grades and National Tests

Workshop 2: Latent Variable Modelling with Lavaan in R

Conference information

Venue/online

The QRM-council has decided to organise the conference as an online event, due to the uncertainty that still exists around the COVID-19 pandemic.

Registration and fee

The registration starts on 20th March and ends on **5th June**. All registrations are to be done via <https://qrm.se/conference/register-for-the-conference/>.

The conference is free of charge and open for all who are linked to the QRM network, or who sign up for the QRM network. The conference fee is sponsored by QRM.

Call for Poster Proposals

Doctoral students and researchers are invited to present their work at the QRM poster exhibition.

If you wish to present a poster, submit a title and an abstract of maximum 300 words. Deadline for submissions is **April 30**.

Further directions are posted at www.qrm.se
