

PhD and Master students' attendance at the SANT 2022 Conference

Thanks to a generous grant from The Swedish Society for Anthropology and Geography (SSAG), SANT will be able to financially support PhD and Master students' attendance at the annual conference in Gothenburg 2022, provided that the students present a paper and/or organize a panel. Expenses are covered for intercity travel within Sweden between Gothenburg University and the student's university (cheapest possible), lodging (cheapest possible) and conference fee only. SANT does not sponsor any conference dinner or membership fee. To be eligible you need to be registered as a PhD or Master student at a Swedish university.

If SANT ends up with more applications than funds can cover, the association will prioritize to reimburse, in falling order, all student participants' 1) travel costs (cheapest possible/student fare) and 2) lodging (cheapest possible, e.g., hostel), and 3) conference fee.

Expenses will be reimbursed only after the conference. To account for your expenses and your conference attendance, fill in the reimbursement form below. Send it with original receipts and a short scientific report (list your panel and paper) to the address below no later than one week after the end of the conference.

It is customary for students who receive this funding to acknowledge it by joining the Swedish Society for Anthropology and Geography as members. See more here: <https://ssag.se/medlemskap/>
