

Call for Poster Proposals

With the purpose to share and make connections QRM encourage doctoral students and educational researcher to present their on-going research in the Posters session at the QRM conference.

These are the requirements:

- The poster should address some educational research question using quantitative research methods.
- Format of poster; No larger than width 78 x height 119 cm

The deadline for poster proposal is May 2.

Proposals should be sent via the form at <https://qrm.se/conference/submission-poster> and include an abstract of max 250 words, while further discussions can continue during the evening and the conference dinner.

Venue and Registration

The conference takes place at Pedagogen, located at the very heart of Gothenburg within walking distance to the central station and many nearby hotels and tourist attractions.

Places are limited and priority will be given to those who have participated in QRM courses or have registered to become member of the QRM network.

Find out more at <https://www.gu.se/en/qrm/qrm-conference-2022-june-13-14-at-pedagogen-göteborg-university>.

Register no later than **June 1** at <https://qrm.se/conference/register-for-the-conference>.

Poster presentation at the QRM Conference venue

Posters should be put up on screens between 11.00-13.00 on June 13.

Oral presentations of posters will start around 17.00.

Each presenter will be given 90 seconds to present their poster to the participants of the conference. Time will be offered for clarifying questions, while further discussions can continue during the evening and the conference dinner.
