

QRM

Quantitative Research Methods in Education

Annual Conference

June 14-15, 2021

Programme and zoomlinks

UNIVERSITY OF GOTHENBURG

UMEÅ
UNIVERSITY

Swedish
Research
Council

Day 1: Monday June 14 (CEST)

Time	Sessions
9.30	Conference opens <u>Chair:</u> Monica Rosén, Christina Wikström
	Zoom link 9.30-12.00: https://gu-se.zoom.us/j/61024162837 Meeting ID: 610 2416 2837
10.00-12.00	<u>Poster presentations</u> <u>Chair:</u> Christina Wikström
10.10	Poster presentation 1: Pontus Bäckström, Jönköping University <i>The Mechanisms of Peer-Effects in Education: A Frame-factor analysis of Instruction</i>
10.30	Poster presentation 2: Sofie Holmquist, Umeå University <i>How to avoid v-hacking in organizational psychology research</i>
10.50	Poster presentation 3: Daria Gracheva, Higher School of Economics, Moscow <i>Testing measurement invariance across alternative test forms</i>
11.10	Poster presentation 4: Tommie Petersson, Uppsala University <i>The geography of educational capital: a comparison of grade averages between urban and rural areas in the years 1998 to 2017</i>
11.30	Poster presentation 5: Jonatan Finell, Umeå University <i>Working memory and its mediating role on the relationship of math anxiety and math performance</i>
11.50	Closing/summary <u>Chair:</u> Christina Wikström
12.00	Lunch
13.00	<u>Invited lecture</u> <u>Chair:</u> Monica Rosén
	Zoom link 13.00-17.00: https://gu-se.zoom.us/j/62053228867 Meeting ID: 620 5322 8867
13.00-17.00	Prof Anna Dreber Almenberg, Stockholm School of Economics <i>Which scientific results can we trust? Evidence from replications and prediction markets</i>

Day 2: Tuesday June 15 (CEST)

Time	Sessions
9.00	<u>Workshop A</u> <u>Chair: Jan-Eric Gustafsson</u>
	Zoom link 9.00-12.00: https://gu-se.zoom.us/j/62586318588 Meeting ID: 625 8631 8588
9.00-12.00	Anders Auer & Hannes Theander, National Agency of Education <i>Alternative models for a fairer and more reliable grading system in Sweden</i>
12.00	Lunch
13.00	<u>Workshop B</u> <u>Chair: Monica Rosén</u>
	Zoom link 13.00-17.00: https://gu-se.zoom.us/j/67065879986 Meeting ID: 670 6587 9986
13.00-17.00	Mariska Barendse, Max Planck institute, Nijmegen <i>Latent Variable Modelling with Lavaan in R</i>
17.00	Farewell
