

Call for Proposals

With the purpose to share knowledge and make connections, QRM encourages doctoral students and researchers to present their ongoing research. We invite proposals for individual papers and posters at the QRM conference. The submissions can address a large variety of educational research questions using quantitative research methods relevant to e.g., national or international large-scale assessments, as well as matters of social recruitment, segregation and inequality throughout the educational system. We also welcome submissions that target methodological considerations and challenges.

Submission requirements

- **Poster proposals** should include a title, an abstract of 250 words maximum, and up to five keywords. The size of the poster should be 78 cm (width) x 119 cm (height) maximum.

Submit your poster abstract via [the poster submission form](#) no later than April 16.

- **Paper proposals** should include a title, an abstract of 400 words maximum, and up to five keywords. The abstract should contain an introduction to the proposal, the main aim(s), methods, findings and key conclusion(s).

Submit your paper abstract via [the paper submission form](#) no later than April 16.

Venue and Registration

The conference takes place at Pedagogen, located at the very heart of Gothenburg within walking distance to the central station and many nearby hotels and tourist attractions.

Places are limited and priority will be given to those who have participated in QRM courses or have registered to become member of the QRM network.

Find out more at <https://www.gu.se/en/qrm/qrm-conference-2023-june-12-13-at-pedagogen-göteborg-university>.

Register no later than May 28 via [the registration form](#).

CONFERENCE PROGRAM

Mon 12/6

- 9.30 Registration opens
- 10.00 Workshops A and B
- 12.00 Lunch
- 13.00 Keynote presentation
- 14.00 Coffee
- 14.30 Paper sessions
- 16.00 Coffee and snacks
- 16.30 Poster session
- 19.00 Conference dinner

Tue 13/6

- 9.00 Paper sessions
- 10.30 Coffee
- 11.00 Paper sessions
- 12.30 Lunch
- 13.30 Panel discussion
- 15.00 Coffee
- 15.15 Workshops C and D
- 17.15 Workshops end

Poster presentations

Posters should be put up on screens between 16.00-18.00 on June 12.

Oral presentations of posters will start around 16.30 on June 12.

Each presenter will be given 90 seconds to present their poster to the participants of the conference. Time will be offered for clarifying questions, while further discussions can continue during the evening and the conference dinner.

Paper presentations

Paper presentations will start at around 14.30 on Monday and 9.00 and 11.00 on Tuesday.

Each presenter will be given 15 minutes to present their paper to the participants of the conference. Time will be offered for clarifying questions, while further discussions can continue during the evening and the conference dinner.

Keynote presentation

The invited lecture titled "Using Geometric Data Analysis to Reveal Fields of Education" will be given by Mikael Börjesson, Professor of Educational Sociology at the Department of Education, Uppsala University.

Conference Dinner

The conference dinner takes place at [OGBG Bar & Restaurang](#), within ten minutes walking distance from the conference venue. Vegetarian buffet will be served to those who wish to join and indicate it when registering.

Register no later than May 28.

Workshops

Workshop A

The research infrastructure
Utvärdering Genom Uppföljning
(Evaluation Through Follow-up)

Workshop B

Getting started with R in R Studio

Workshop C

Geometric data analysis

Workshop D

Latent variable modelling with
lavaan in R
