Lindholmspiren 4, 417 56  
Lindholmen, Göteborg

**13 May**

Karl Johansgatan 92, 414 55  
Majorna, Göteborg

**14-15 May**

National sponsors

## 13-15 May 2024

A pint is a measurement unit originating from the English system and also used in the United States. In both of those systems, it's traditionally one-eighth of a gallon, which is about 570 mL.

Let's share a glass of Science together!
