

# Schedule for "Gene Expression analysis using R", 2.0 hp

## TENTATIVE

| SEPTEMBER |            |              |              |              |              | OCTUBRE        |
|-----------|------------|--------------|--------------|--------------|--------------|----------------|
| w39       | Mon        | Tue          | Wed          | Thu          | Fri          | Sunday         |
| 9-10      | qPCR       | Self studies | Q&A          | Self studies | Q&A          | Assignment I   |
| 10-11     |            |              | Self studies |              | Self studies |                |
| 11-12     |            |              |              |              |              |                |
| OCTUBRE   |            |              |              |              |              |                |
| w40       | Mon        | Tue          | Wed          | Thu          | Fri          | Sunday         |
| 9-10      | Microarray | Self studies | Q&A          | Self studies | Q&A          | Assignment II  |
| 10-11     |            |              | Self studies |              | Self studies |                |
| 11-12     |            |              |              |              |              |                |
| OCTUBRE   |            |              |              |              |              |                |
| w41       | Mon        | Tue          | Wed          | Thu          | Fri          | Sunday         |
| 9-10      | RNAseq     | Self studies | Q&A          | Self studies | Q&A          | Assignment III |
| 10-11     |            |              | Self studies |              | Self studies |                |
| 11-12     |            |              |              |              |              |                |
| OCTUBRE   |            |              |              |              |              |                |
| w42       | Mon        | Tue          | Wed          | Thu          | Fri          | Sunday         |
| 9-10      | scRNAseq   | Self studies | Q&A          | Self studies | Q&A          | Assignment IV  |
| 10-11     |            |              | Self studies |              | Self studies |                |
| 11-12     |            |              |              |              |              |                |
