## Presentations

Each presenter will have 30 minutes in total, for presentation and Q&A. To benefit from audience feedback, we would encourage presenters to leave sufficient time for comments and questions. Our suggestion is to keep presentations to 20 minutes at most and reserve at least 10 minutes for Q&A. Lightning talks will be shorter. The first lightning round is 5 minutes presentation, followed by a Poster Gallery; the second will with presentation times of 10 minutes and 5 minutes Q&A.

## Logistics for on-site workshop

The workshop will take place in the Chancellor's premises at the University of Gothenburg. We will provide meals throughout the day and dinner.

**Accommodation:** Accommodation will be organized via the University of Gothenburg administration. Please get in touch with Harald Bergh ([harald.bergh@economics.gu.se](mailto:harald.bergh@economics.gu.se)).
