

GÖTEBORGS UNIVERSITET
CENTRUM FÖR PERSONCENTRERAD VÅRD

Review criteria

for research project grant applications at University of Gothenburg Centre for Person-Centred Care (GPCC), 2011.

Relevance to person-centred care

Please see our website, www.gpcc.gu.se

0p	Absent
1p	Insufficient
2p	Doubtful
3-4p	Relevant
5p	Very relevant
6p	Extremely relevant

Background and research question

The background concerns the theoretical framework, both to person-centred care and the specific field of research, and shows that the candidate is able to work in the research field.

0 p	Absent /poor quality
1p	Doubtful in relation to the theory and previous research
2p	Unclear, already accomplished
3-4p	Clear and relevant
5p	Clear, relevant and very interesting
6p	Clear, original and innovative

Materials and methods

Both data collection and data analysis shall be described in the application. Power analysis for the project is included under this heading.

0p	Absent / poor quality
1p	Doubtful material and / or method
2p	Reasonable material and / or method, but inadequately described
3-4p	Adequate material and / or method
5p	Suitable and partly innovative material and / or method
6p	Original and unique material and / or method

GÖTEBORGS UNIVERSITET
CENTRUM FÖR PERSONCENTRERAD VÅRD

Competence

Are the PIs, and research group well suited to implement and complete the project – e.g. previous research in the area, the number of publications, obtained external funding and experience in research training (supervision of PhD students and postdoctoral and teaching)?

0p	Absent
1p	Insufficient
2p	Doubtful
3-4p	Good
5p	Very good
6p	Excellent

Overall assessment of the current project as a whole

This heading concerns the assessment of the project in its entirety and project feasibility (e.g. skills, supervisory capacity and employee competence, etc.), gender perspectives, resources, networks and infrastructure. Particular emphasis is given to the research group's network and overall competence.

0p	Poor quality
1p	Doubtful
2p	Good / Good Research / Well worth the support if there are sufficient resources
3-4p	Very good / Leading in Sweden
5p	Excellent / Internationally competitive research
6p	Innovative / Internationally leading in the field
