Malmqvist, E. 2007. Back to the future: Habermas's The Future of Human Nature. *Hastings Center Report* 37(2): 4-5 [3 pages]. ISSN: 0093-0334.

2. Research projects and research collaborations

Externally financed research projects, project leader

- "How Exploitation Harms", Riksbankens Jubileumsfond (Dnr P23-0256). 3.0 MSEK. 2024-2027.

Externally financed research projects, contributor

- "University of Gothenburg Center for Interdisciplinary Return-to-Work Studies in Primary Care" (UGOT-ReWork). Forte (2025-02062). 50 MSEK. Co-applicant. 2026-2031.
- "Just Pricing of Pharmaceuticals" (JUPP). Swedish Research Council (2024-00864). 4.7 MSEK. Co-applicant. 2025-2027.
- "PLATINEA 2.0: Availability and Individualized use of Antibiotics." VINNOVA (Dnr 2021-02699), 39.8 MSEK. Co-applicant, Co-PI representing University of Gothenburg. 2021-2026
- "Qualitative Investigation of AI Driven Automatized Self-Monitoring System." Regionala FoU-medel, Co-applicant. 249 tkr. 2024-2025.
- "Designing Social Innovation for Managing Antibiotic Resistance in a Global Health Context." UGOT Challenges Initiative. Co-applicant, Co-PI. 596 tkr. 2020-2022.

Other forms of research collaboration

- Member of the Centre for Antibiotic Resistance Research in Gothenburg (CARE). 2018-
- Participant in the PLATINEA ("Platform for Innovation of Existing Antibiotics") project, a large collaboration platform involving researchers from several universities, government agencies, healthcare system representatives, and industry partners. 2018-
- Member of Ethics Advisory Board for the EU Horizon 2020 project "VAX-TRUST: Addressing Vaccine Hesitancy in Europe" (Grant Agreement No 965280). 2021-2024

3. Scholarly assessment assignments

Expert for employment and promotion

- Promotion to Associate Professor with tenure (Danielle Wenner), Carnegie Mellon University, 2023.
- Researcher (permanent) in practical philosophy with a focus on forensic psychiatry and bioethics, University of Gothenburg, 2022.

Faculty examiner

- Opponent and examining committee member for Felicitas Holzer's PhD thesis *Treating Host Communities Fairly in International Health Research*, Sorbonne Université, 2020.

Examining committee member

- Member of examination committee for Anton Emilsson's PhD thesis *Minimal Optimism: Reading P.F. Strawson on Responsibility*, Lund University, 2024.
- Member and chair of examination committee for Antoinette Lundahl's PhD thesis *The Motives and Ethical Justifiability of Treating Patients with Borderline Personality Disorder under Compulsory Care*, Karolinska Institutet, 2024.
- Substitute member of examination committee for Alexander Andersson's PhD thesis *Giving Executives their Due: Just pay, Desert, and Equality*, University of Gothenburg, 2021.
- Member of examination committee for Yusuf Yuksekdog's PhD thesis *Doctors Behind Borders: The Ethics of Skilled Worker Emigration*, Linköping University, 2019.
- Member of examination committee for Yusuf Yuksekdog's licentiate thesis *Doctors Behind Borders: Health Worker Migration, Exit Right and Service Programs*, Linköping University, 2017.
- Member of examination committee for David Ebbevi's PhD thesis *The Importance of Empirical Evidence and Norms in Framework Construction: Unpacking Value and Partnership in Chronic Care with Cases from Swedish Rheumatology*, Karolinska Institutet, 2017.

Half-time and final seminar reviews

- 30% seminar reviewer for David Lindqvist's PhD project *Topics in Population Ethics: The Procreation Asymmetry, the Person-Affecting Restriction and the Long Run*, Linköping University, 2025.
- Member of half-time review committee for Antoinette Lundahl's PhD project *The Motives and Ethical Justifiability of Treating Patients with Borderline Personality Disorder under Compulsory Care*, Karolinska Institutet, 2021.
- Final seminar opponent on Mani Shutzberg's PhD thesis *Tricks of the Trade: Clinical Cunning in the Age of Bureaucratic Parsimony*, Södertörn University, 2020.
- Final seminar opponent on Maria Christina Murano's PhD thesis *The Ethics of Treating Short Children: An Interdisciplinary Study on Cultural Norms and Social Beliefs about Short Stature and the Ethical Issues of Growth Hormone Treatment for Short Children*, Linköping University, 2018.
- Member of half-time review committee for Erik Gustavsson's PhD thesis *Distributing Health Care according to Need*, Linköping University, 2014.
- Member of half-time review committee for Pier Jarsmaa's PhD thesis *Reflections on Autism: Ethical Perspectives on Autism Spectrum Disorder in Health Care and Education*, Linköping University, 2012.

Referee for scholarly work

- Referee for the following journals (on average 6-8 manuscripts per year):

The Journal of Ethics
Philosophers' Imprint

Journal of Applied Philosophy

Social Theory and Practice
Journal of Political Philosophy
Ethical Theory and Moral Practice
Journal of Practical Ethics
Journal of the American
Philosophical Association
Res Publica: A Journal of Moral,
Legal and Political Philosophy
American Journal of Bioethics
Journal of Medical Ethics

Kennedy Institute of Ethics Journal
Medicine, Health Care and Philosophy
Journal of Empirical Research on Human
Research Ethics
Clinical Trials
Diametros: A Journal of Philosophy
Science and Engineering Ethics
IRB: Ethics and Human Research
American Political Science Review
Applied Health Economics and Health
Policy

Bioethics

- Referee for a book manuscript, Oxford University Press, 2020-2021.
- Referee for a book proposal, Oxford University Press, 2022.

Expert for research applications

- Research application reviewer for National Fund for Scientific and Technological Development (Chile), 2025.
- Research application reviewer for University of Bayreuth Centre of International Excellence, 2022.
- Research application reviewer for the Swiss National Science Foundation, 2025 and 2012.

Other

- Editorial board member for *Ethical Theory and Moral Practice*, 2023-.
- Book review editor for the journal *Ethical Theory and Moral Practice*, 2021-2023.

5. Other qualifications

Organizing conferences

- Co-organizer of the workshop “Exploitation and inequality”, University of Gothenburg, Nov 2025.
- Co-organizer of the workshop “Towards a unified theory of exploitation?”, MANCEPT Workshops on Political Theory, Sept 2021.
- Co-organizer of the annual meeting for Forum för medicinsk etik (a Swedish network for researchers in medical ethics), Linköping University, Nov 2015.
- Co-organizer of the 2015 Tema T Exchange, featuring Don Ihde, Linköping University, Aug 2015.
- Co-organizer of the conference “Towards and ethics of bodily giving and sharing in medicine”, Linköping University/Swedish Collegium for Advanced Study, May 2014.
- Co-organizer of the symposium “Choosing Children Justly”, Université Paris Descartes, June 2011.

Conference and workshop participation

- *Invited keynote presentations*
- “Sustainability principle for the ethics of healthcare resource allocation,” Just Severity and Priority Setting in Healthcare, Uppsala, Sweden, Sept 2023.
- “Exploitation and remedial duties,” Exploitation in Bioethics, University of Copenhagen, Nov 2018.
- *Other invited conference and workshop presentations*
- “Exploitation and inferiority,” The Controversial Markets Conference, Aarhus, Denmark, May 2025.
- “How exploitation harms,” Morals and the Limits of Markets, Wissenschaftszentrum Berlin für Sozialforschung, Berlin, Germany, July 2024.
- “How exploitation harms,” The Moral Limits of the Markets Conference, Aarhus, Denmark, Jan 2024.
- “Complexities of justifying antimicrobial resistance interventions,” Nordic Network for the Social Study of Microbes Workshop, Gothenburg, Sweden, Oct 2023.
- “Structural injustice and the badness of exploitation,” Workshop: Science, Agency, Responsibility, Linköping University, Dec 2022.
- “Gene editing in human reproduction: understanding the risk of exploitation,” Experimenting on Future Children: Gene Editing in Human Reproduction, Fondation Brocher, Switzerland, Jan 2020.
- “Addressing pollution from antibiotics production through institutional systems in high-income countries: Ethical tensions and trade-offs,” Workshop in the Centre for Antibiotic Resistance Research (CARE) Interventions group, University of Gothenburg, April 2019.
- “Antibiotic resistance research at the University of Gothenburg,” Medical Humanities Workshop 2018: The Post-Antibiotic Era, Lund University, Oct 2018.
- “Remediating exploitation: the case of international clinical research,” Democracy in Health and Science: Epistemology, Ethics and Pluralism, Sorbonne Universités Paris, Oct 2018.
- “Falsified medicines, ethics and global justice,” Illegal and Spurious Medicines – A Danger to Personal and Public Health, Swedish National Council on Medical Ethics, Stockholm, Sept 2016.
- “Exploitation, neglect, and international commercial surrogacy,” Médecine Procreative, Différence Sexuelle et Egalité des Sexes, Université Paris Diderot, Oct 2015.
- “Does the ethical appropriateness of offering donors money depend on what body parts they donate?” 16th PEALS International Symposium: Donors, Money and Body Parts: What are the Issues? Newcastle, UK, Sept 2015.
- “Transnational commercial surrogacy, exploitation and the non-worseness claim,” Family Relationships: Ethical and Legal Aspects, Umeå University, Nov 2014.
- “Paternalism in its worst form? On the justification for banning kidney sales”. Justice in Organ Donation, Paris, France, Sept 2011.
- “Towards a phenomenology of complicity with dubious social norms: The case of cosmetic surgery.” Feminist Phenomenology and Medicine, Uppsala University, Sweden, May 2011.
- “Trading hair, trading cadaver tissue: Reflections on two forms of bodily commodification,” The Body as Gift, Resource and Commodity, Södertörn University, Sweden, May 2011.

- “New technologies meet old practices: Reprogenetics and the ‘Parents have always done it’ argument”. Bodily Citizenship in Transnational Spaces, Södertörn University, Sweden, May 2009.
- “Parents, children and self-formation: Sizing up the open future argument”. Self, Identities and Bioethics, Vårdsnäs, Sweden, May 2008.
- “Good parents, better babies: Genetic technologies and the open future argument”. Medical Technologies and the Life World, Södertörn University, Sweden, Nov 2007.
- *Conference and workshop presentations accepted in international competition*
- “Exploitation and social inferiority,” Workshop on exploitation and social inequality, University of Gothenburg, Nov 2025.
- “Social injustice and the harm of exploitation,” Society for Applied Philosophy Annual Conference, Gdansk, Poland, June 2025.
- “How exploitation harms,” The 2024 Swedish Congress of Philosophy, University of Gothenburg, Sweden, June 2024.
- “Pharmaceutical pollution from human use and the Polluter Pays Principle,” 6th International Symposium on the Environmental Dimension of Antibiotic Resistance – EDAR6, Gothenburg, Sweden, Sept 2022.
- “The wrong, the bad, and the ugly – exploring the badness of exploitation”. Exploitation and Exploitations: Philosophical Theory and Practice, Newcastle University, Sept 2022.
- “Structural injustice and the badness of exploitation”. 2nd Umeå-Gothenburg Workshop in Practical Philosophy, Umeå University, Sweden, Sept 2022.
- “Pharmaceutical pollution from human use and the Polluter Pays Principle” 16th World Congress of Bioethics, Basel, Switzerland, July 2022.
- “What high-income state actors can and should do to address industrial antibiotic pollution,” Political Philosophy and Bioethics: Nordic Perspectives, Aarhus University, Denmark, Nov 2019.
- “Addressing industrial antibiotics pollution through institutional systems in high-income countries: Ethical tensions and trade-offs,” 33rd European Conference on Philosophy of Medicine and Health Care, Oslo, Norway, Aug 2019.
- “Addressing industrial antibiotics pollution through institutional systems in high-income countries: Ethical tensions and trade-offs,” Annual conference of the Centre for Antibiotic Resistance Research (CARE), University of Gothenburg, June 2019.
- “‘Paid to endure’: on paid research participation, passivity, and the goods of work,” 30th European Conference for the Philosophy of Medicine and Health Care, Zagreb, Croatia, Aug 2016.
- “‘Paid to endure’: on paid research participation, passivity, and the goods of work,” 13th World Congress of Bioethics, Edinburgh, UK, June 2016.
- “Enrolling the global poor in clinical research: What is the essential ethical concern?” 29th European Conference for the Philosophy of Medicine and Healthcare, Ghent, Belgium, Aug 2015.
- “International clinical research and the problem of benefiting from injustice,” Sharing Bodies within and across Borders, Swedish Collegium for Advanced Study, Uppsala, Sweden, May 2014.
- “Is selling a kidney like selling one’s labour?” Ideals and Reality in Social Ethics, Newport, UK, April 2012.
- “Are bans on kidney sales unjustifiably paternalistic?” Priorities in Medicine and Health Care, Zürich, Switzerland, Aug 2011.

- “The concept of exploitation in clinical research: What do we mean by it, and do we need it?” Sources and Perspectives of Bioethics, Tübingen, Germany, Aug 2009.
- “Cultural norms, autonomy and parents' decisions about surgery for children born with unclear sex – A phenomenological analysis”. Philosophy of Medicine and Medical Ethics, Linköping University, Sweden, March 2009.
- “Genetic technologies and the limits of procreative liberty: Two approaches to the child’s right to an open future”. Ethics, Philosophy and Public Health, Cardiff, UK, Aug 2007.
- “Analysing our qualms about ‘designing’ future persons: autonomy, freedom of choice and interfering with nature”. Medicine, Philosophy and the Humanities, Helsinki, Finland, Aug 2006.
- ”Genetic intervention and the freedom of future persons”. Ethics and Philosophy of Emerging Medical Technologies”, Barcelona, Spain, Aug 2005.
- *Invited commentaries at workshops and conferences*
- “Distance, involvement and critique: Reflections on the scholar’s role in regard to technology development,” The 2015 Tema T Exchange, Featuring Don Ihde, Aug 2015.
- Vincent Menuz, "Amélioration humaine," Epistémologies de la bioéthique, Université Paris Descartes, Paris, France, June 2012.
- Selim Eskiizmirliler, “BMI (Brain-Machine Interface) as a Tool for Understanding Human Machine Cooperation,” Human Enhancement: An Interdisciplinary Inquiry. IV. Disability, Ability, Overcapacity, Université Paris Descartes, Paris, France, June 2010.

Other invited research presentations (e.g., research seminars at other institutions than my own)

- “Bodily giving and sharing in the context of injustice,” Copenhagen University, Denmark, March 2014.
- “Taking advantage of injustice,” The Geneva Colloquium in Political Theory, Université de Genève, Switzerland, Oct 2013.
- “Exploitation, complicity and background injustice: The ethics of clinical research in developing countries re-examined,” Fondation Brocher, Switzerland, Sept 2013.
- “Taking advantage of injustice,” Karolinska Institutet, Stockholm, Sweden, Oct 2012.
- “What’s the problem with taking advantage of injustice? The example of international clinical research”, Dept. of Medical Ethics, Lund University, Lund, Sweden, Oct 2012.
- “Background injustice, exploitation and complicity: The case of international clinical research,” Centre de Recherche Sens, Ethique, Société, Université Paris Descartes, Paris, France, June 2012.
- “Taking advantage of injustice: Exploitation or complicity?” Department of Historical, Philosophical and Religious Studies, Umeå University, Sweden, June 2012.
- “Kidney sales and the analogy with dangerous jobs,” Paris Seminar on Economics and Philosophy, Fondation Maison des sciences de l’homme, Paris, France, April 2012.
- “Kidney sales and dangerous jobs: A convincing analogy?” Centre for Ethics in Medicine, Bristol University, UK, Jan 2012.
- “Human enhancement and the moral continuum argument,” Ethics in Public Policy Making: The Case of Human Enhancement, Paris, France, Oct 2011.
- “Are bans on kidney sales unjustifiably paternalistic?” Department of Medical and Health Sciences, Linköping University, Sweden, Feb 2011.
- “Good parents, better babies”, Karolinska Institutet, Stockholm, Sweden, Dec 2008.

- “Analysing our qualms about ‘designer babies’: autonomy, identity, or what?” Center for the Studies of Science and Values, Umeå University, Sweden, Nov 2005.

Visiting researcher at foreign educational institution

- Visiting researcher at Fondation Brocher, Geneva, 2013.
- Visiting researcher at The Hastings Center, New York, 2006.

Prizes and other awards

- Article of the year award for ”Bör individualiserad utbildning för läkarstudenter eftersträvas?” (”Is individualized education for medical students desirable?”, co-written with J. Lindberg, S. Polesie, M. Karlsson and G. Mijaljica) from the Swedish medical journal *Läkartidningen*, 2024.
- European Society for Philosophy of Medicine and Health Care First Prize for Young Scholars, 2006.

Pedagogical qualifications

1. Own pedagogical education

Courses in teaching and learning in higher education

- Teaching and Learning in Higher Education 3: Applied Analysis, University of Gothenburg, 2024.
- Teaching and Learning in Higher Education 2: Subject Field Pedagogy, University of Gothenburg, 2020.
- Basic Course in Higher Education Pedagogy, Linköping University, 2006.

Supervisor training

- Advanced Course in Higher Education Pedagogy: Supervision in Doctoral Studies, Linköping University, 2012

2. Teaching and supervision

a) At first- and/or second-cycle level

Full courses with course coordination responsibility

University of Gothenburg (approx. 1000 hours)

1. Introductory (1st semester) course in Practical Philosophy: Political Philosophy, 5 credits, 2 times 2019-2020
2. Introductory (1st semester) course in Practical Philosophy: Political Philosophy and Philosophy of Law, 6 credits, 2 times 2018-2019
3. Introductory course in Practical Philosophy: Applied Ethics, 3 credits, 1 time 2018

In addition to full courses and other large/recurrent teaching assignments I frequently (on average 2 times/semester) give lectures and seminars (usually in ethics) for students on various

non-philosophy study programs (e.g., medicine, engineering, global health) at both first- and second cycle level. Details available upon request. (Approx. 300 hours)

Supervision (approx. 350 hours)

Bachelor's Theses

- 5 in Practical Philosophy, University of Gothenburg 2020-2022
- 3 in Liberal Arts, University of Gothenburg 2020-2022
- 1 on the Pharmacy Programme, University of Gothenburg 2019

Master's Theses

- 2 on the Master's Programme of Global Health, 2020, 2023
- 2 on the Master's Programme of Public Health Science, 2021
- 1 in Practical Philosophy, University of Gothenburg, 2018
- 2 on the Master's Programme in Applied Ethics, Linköping University, 2018

Other

- Design, supervision and examination of 2nd cycle level advanced reading courses on the ethics of assisted dying (2021) and egalitarianism (2024).

Total hours taught on first- and second cycle level: approximately 4300

b) At third-cycle level

Teaching and development of third-cycle education

- Development, delivery and examination of the national graduate course *The Ethics of Exploitation: Theory and Applications*, 7.5 credits, University of Gothenburg, 2025.
- Development, supervision and examination of the third-cycle level reading course *Public Health Ethics* 7.5 credits, University of Gothenburg, 2020.
- Development, supervision and examination of the third-cycle level reading course *Distributive Justice: Recent Developments* 7.5 credits, University of Gothenburg, 2020.
- Development and delivery of module on medical ethics, conceptual analysis, and philosophy of science on third-cycle level course in medicine (1 full day of lectures and group work), Region Jönköping/Linköping University, 2 times 2017-2018.
- Various lectures and seminars on, amongst others, ethics, research ethics, and philosophical methods at different third-cycle level courses in gender studies, child studies, and child studies, Linköping University, 2012-2016 (details available upon request).
- Mandatory course in Philosophy of Science and Research Ethics for all PhD students at Karolinska Institutet, 1 full day (lectures, group work, plenary discussion), 7 times 2008-2009.

Supervision of doctoral students

- Main supervisor for Davide Fumagalli, Dept. of Philosophy, Linguistics and Theory of Science, University of Gothenburg. Thesis: *Antibiotic Resistance in the Environment: Ethical Considerations for Policy*, 2019-2025 (successfully defended December 2025)

- Assistant Supervisor for Ellen Davidsson, Department of Philosophy, Stockholm University, Thesis: *The Moral and Epistemic Fault of Objectification as Lack of Empathy*, since 2023 and ongoing (expected to defend in 2027).
- Assistant supervisor for Dorna Behdadi, Dept. of Philosophy, Linguistics and Theory of Science, University of Gothenburg. Thesis: *Non-Human Moral Agency: A Practice-Focused Exploration of Moral Agency in Nonhuman Animals and Artificial Intelligence*, 2019-2024 (successfully defended in 2024)
- Assistant supervisor for Katla Heðinsdóttir, Section of Philosophy, University of Copenhagen, Thesis: *On the Exploitation of Host Communities in International Clinical Research*, (successfully defended in 2021), 2020-2021.
- Assistant supervisor for Dmytro Metilka, Erasmus Mundus Joint Doctoral Programme “Phoenix” on Dynamics of Health and Welfare. Thesis: *A Reconciliation of Moral Attitudes in Healthcare Policies against Domestic Violence: A Comparative Analysis of Portugal and Sweden*, (successfully defended in 2018), 2016-2018.
- Assistant supervisor for Sarah Jane Toledano, Department of Thematic Studies, Linköping University. Project: *A Phenomenological Approach to the Moral Aspects of Altruistic Non-Commercial Surrogacy*, 2012-2018.

Postdoctoral supervision

- Haris Agic, Linköping University, 2015-2016

Managerial and administrative qualifications

Management assignments

a) University level

b) Faculty level

- Member of committee for first- and second cycle education (“Humanistiska utbildningsberedningen”), Faculty of Arts, University of Gothenburg 2021-2024. This committee is a preparatory body for kinds of faculty-level decisions related to first- and second cycle education.

c) Department level

- Director of first- and second cycle studies in practical philosophy, Department of Philosophy, Linguistics and Theory of Science (FLoV), University of Gothenburg, 2024-
- Member of the program council for the bachelor’s program Philosophy, Politics and Economics, FLoV, University of Gothenburg, 2024-
- Associate head of department for first- and second cycle education, FLoV, University of Gothenburg, 2021-2024. Tasks included:
 - Overarching responsibility for the quality and development of all first- and second cycle education at our department (5 master’s programs and 1 bachelor’s program, >200 courses in practical philosophy, theoretical philosophy, linguistics, theory of science, computational linguistics and logic, and teacher education courses).
 - Securing resources for all our courses and programs and distributing resources between them.
 - Organization of quality assurance and development processes for the department’s courses and programs (including hosting mandatory external evaluation).
 - Organization and oversight of the development and revision of formal course syllabi, program syllabi and qualification descriptors.
 - Formal decision-making on various education-related matters (e.g. appointing examiners, appointing program council members, establishing formal course syllabi, cancelling courses)
 - Handling complaints from students and various disciplinary matters.
 - Development of various policy documents related to education at the department.
 - Chairmanship of the department’s Education Group, consisting of directors of study for all our subject areas, program coordinators, the entire education administration and the department’s communication officer.
 - Membership of the department’s management group, where all management issues are discussed.
 - Contributions to the department’s annual action plan regarding education matters.
 - Support for head of department in all matters related to first- and second cycle education.

- Overarching responsibility for the development the bachelor's program Philosophy, Politics, and Economics (launched in 2025), which included extensive planning involving 3 different faculties and presenting the program to formal decision-making bodies at the faculty and vice-chancellor level.
 - Responsibility for discontinuing a subject area and a master's program in Ancient and Medieval Philosophy and Classical Philology 2022.
- Member of recruitment committees for PhD students in practical philosophy (2018, 2019, 2020), a substitute senior lecturer in practical philosophy (2021), a researcher in practical philosophy (2021), and a department economist (2022), FLoV, University of Gothenburg.
- Member of the departmental work environment group, FLoV, University of Gothenburg, 2020-2021
- Member of the department board, Department of Culture and Communication, Linköping University, 2018.
- Member of recruitment committee for a post doc at the Department of Thematic Studies, Linköping University, 2012.

Qualifications relating to third-stream activities

1. Books, reports, articles and reviews relating to popular science

Reports

- Author of report on ethical issues related to the identification of victims of female genital mutilation in maternal health care for the National Board of Health and Welfare, 2023.
- First author of report on regulatory challenges involved in securing sustainable access to existing antibiotics in Sweden in the PLATINEA (Platform for Innovation of Existing Antibiotics) project, 2020.
